BRIDGE

ASSOCIATES

A SAFE PAIR OF HANDS

Extensia has been working in Africa for 20+ years supporting digital transformation. We have worked with governments, regulators, service providers, solution providers, vendors, investors and major end users of telecoms, ICT and energy services. We have evolved our project management capabilities across many diverse and complex projects on the continent. We have developed close relationships with our clients across the continent and our partners across the globe and we provide you with a seamless experience across the most complex of projects.

"Extensia Bridge brings you simplicity out of complexity"
